OnQ

The perfect package for any event, **Qmuzik OnQ** has all you need to successfully book and coordinate meetings or events. From managing venues in real-time with ease of use features like online ticketing platforms; customizing your attendees' experience by giving them foodie options on site - there's no detail too small when it comes down to making an occasion memorable.

With **OnQ**, you can seamlessly integrate your email and calendar into a single interface with our optional custom tab or by using open architecture.
